## **Headline: New Company Created to Help Businesses Improve Bottom Line**

Deb Bellmore-West announces the formation of a new company, Unified Employer Solutions, Inc., created to help area business owners cut unnecessary costs in three major areas and drive these dollars directly to their bottom line.

Bellmore-West says, "Unified Employer Solutions, Inc. was founded out of the urgent need of employers of all sizes to reduce out-of-control Workers Compensation, Group Health, and Human Resources costs. Employees are the most valuable asset of a business, but also the most costly. Workplace accidents, unhealthy employees, and HR compliance issues can cost employers thousands of dollars per year.

"The mission of the Unified Employer Solutions team is to consult with employers to reduce employee-related costs on a long term basis with a unified approach to risk management programs, supported by the commitment of Senior Management."

Thomas Gaul, ARM, CWCA has joined the Unified Employer Solutions team to coordinate and deliver services to businesses. Tom holds a Safety Management degree from Indiana University of Pa., and holds the Associate of Risk Management and Certified Work Comp Advisor designations. He is licensed in Property Casualty and Life and Health insurance. Tom has over 25 years experience in the safety, human resource and group benefits, production manufacturing management areas, working for a powdered metal manufacturer, carbon manufacturer and a large building materials dealer.

Gaul and Bellmore-West, who holds the Certified Insurance Counselor, Certified Risk Manager, and Work Comp Advisor designations, will work along with trained Certified Work Comp Advisor, Jack West and other specialists for the benefit of area businesses.

"The results speak for themselves," says Gaul. "Increasing the dollars our clients save has been the driving force behind the formation of Unified Employer Solutions. It works." One of the keys to successful reduction of cost is management of workplace injuries. The company has an in-house Claims Manager with 27 years experience in handling Workers Compensation claims. Other specific services include safety consulting, OSHA training, safety committee setup, HR consulting, group benefits consulting, complete risk assessments, and more.

Bellmore-West is the President of Helmbold & Stewart, Inc., a full service, independent insurance agency, and an affiliated company of Unified Employer Solutions, Inc. "While insurance is one solution to protect businesses and individuals from financial loss, coordinating specific loss control and claims management methods can add value and improve financial outcomes for business owners, from the small business to the largest corporations."

Unified Employer Solutions, Inc. is located at 12 S Third St., Clearfield, PA. 16830. Employers may contact Deb or Tom at 814-765-0199, toll free at 877-765-0199, or email [deb@uespros.com](mailto:deb@uespros.com).
